

FTSC 100 Rules Tariff

Protection From Freezing Service

Item 810

Rule

Protection From Freezing Service

1. When Consignor/Consignee request a shipment be protected from freezing, the following provisions will apply:
 - a. Shipments must be picked up and delivered within FTSC's direct service area.
 - b. The following services will not be performed for shipments requiring protection from freezing:
 - i. Appointment Delivery
 - ii. Order Notify
2. For shipments moving within FTSC's direct service area:
 - a. This service will be provided at no additional cost to the Consignor/Consignee.
 - b. PROTECTION FROM FREEZING SERVICE will only be provided when:
 - i. Suitable equipment is available.
 - ii. The outside temperature is above 15 degrees Fahrenheit.
 - iii. Consignor endorses the bill of lading "protect from freezing", or words of similar purport. Such markings will be on each package.
 - iv. The commodities being shipped have a freezing point of 32 degrees or less.
 - c. PROTECTION FROM FREEZING SERVICE will apply only in the months of November through March.
 - d. PROTECTION FROM FREEZING SERVICE may be withdrawn at Carrier's Discretion.
 - e. Carrier will not store shipments requiring protection from freezing over weekends or holiday periods. As such, Carrier will accept shipments requiring protection from freezing in line with the following pickup schedule:
 - i. Monday
 - ii. Tuesday
 - iii. Wednesday
 - iv. Thursday
 - f. Carrier provides limited protective services and therefore assumes no liability for damage to perishable commodities, including but not limited to wilting, freezing, heat damage, burning, disease, and any and all damage related to the perishable nature of the commodity or commodities which may occur while the shipment is in the Carrier's possession.
